IT'S NOT YOUR HEART; IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. It attacks all classes, regardless of age, sex or conditions. A majority of the ill-afflicted people today can be traced back to the kidney trouble.

The kidneys are the most important organs of the body. They are the filters, the purifiers, of your blood. If the poisons which are swept from the tissues by the blood are not eliminated through the kidneys, disease of one form or another will claim you as a victim.

Kidney disease is usually indicated by weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, difficulty when urinating, pain in loins and lower abdomen, gall stones, gravel, rheumatism, sciatica and lumbarago.

All these derangements are nature's

signals to warn you that the kidneys need help. You should use GOLD MEDAL Haarlem Oil Capsules immediately. The soothing, healing oil stimulates the kidneys, relieves inflammation and destroys the germs which have caused it. Do not wait until tomorrow. Go to your druggist today and insist on his supplying you with a box of GOLD MEDAL Haarlem Oil Capsules. In twenty-four hours you should feel health and vigor returning and will bless the day you first heard of GOLD MEDAL Haarlem Oil.

After you feel that you have cured yourself, continue to take one or two capsules each day, so as to keep in first-class condition and ward off the danger of other attacks.

Ask for the original important GOLD MEDAL brand. Three sizes. Money refunded if they do not help you.

CHURCHES HERE TO GIVE THANKS

City Will Observe Thanksgiving Religious Services and Festivities.

While the threatened recurrence of the influenza epidemic in Newark will tend to discourage Thanksgiving festivities in the city, yet the day will find citizens generally observing the day. Thanksgiving services will be held at the Baptist church, Trinity Episcopal and St. Paul's Lutheran church. The services at the Baptist church will be a union meeting of most of the protestant churches.

A Thanksgiving mass will be celebrated at St. Francis de Sales church at 8 o'clock Thursday morning.

Thursday evening the Buckeye band will give a march and grass carnival and dance in the Arcade.

In announcing the union meeting, the committee of ministers issued this statement:

"Thanksgiving this year will be of unusual interest to everybody. In a marvelous way the hand of God has been guarding the destiny of the nation in these recent times. In acknowledgment of God's goodness and in response to the call of President Wilson the people of Newark and vicinity are to assemble at 10 o'clock tomorrow morning at the First Baptist church to give expression to thanksgiving and praise."

Addresses will be delivered by Rev. Chas. H. Stull, Rev. Paul E. Kemper and Rev. Carlos H. Hanks. The Rev. R. E. Carman will sing a special Thanksgiving hymn and the Masonic Chorus under the direction of Prof. Klapp will render appropriate anthems. Other ministers of the city will join in making this service imposing and helpful. Everybody invited and urged to give this one hour on Thanksgiving morning to worship."

CALLS FOR UNITY

(Continued on Page 2, Col. 2.)
like the present. He opposed a class parliament such as the soldiers and workmen's council must be for a long time. Dr. Mueller said that if the present lawless situation continued, the German state would break financially.

Herr Schaffer, minister of finance, outlined an extensive financial program, including sharp measures against tax evasion and excessive war profits.

GERMAN ASSEMBLY CERTAIN.

(Associated Press Telegram)
Copenhagen, Tuesday, Nov. 26.—Keenest interest is felt throughout the German empire in the result in the conference of representatives of the federal states at Berlin. The questions of summoning the national assembly and insuring the unity of the empire are being discussed everywhere. It is generally expected that a decision will be reached to call the national assembly at the earliest possible moment, otherwise Bavaria, Wurtemberg and Baden are reported to be considering the formation of a separate republic. Hesse, Hanover and German-Austria are also credited with demanding a meeting of the national assembly.

It is stated that feeling at Bremen and Kiel is against the Spartacus party. At Bremen the soldiers and workmen's council voted 81 to 20, in favor of the national assembly. The sailors' council at Kiel has denounced the Spartacus adherents. Philip Scheidemann writing for the Vorwaerts, ascribes the change in the situation to Dr. Karl Liebknecht's attempt at coup d'etat.

ALL AGREE NATIONAL MEET MUST BE HELD

Berlin, Tuesday, Nov. 26.—The event of the day was the culmination Monday in the meeting of the heads of the various German states at Berlin. Have indicated that with the exception of the numerically unimportant Spartacus group, there is complete agreement in Germany that a national assembly must be held.

LIBRARY THANKS GIRLS FOR TAG DAY DONATION

A meeting of the Newark Public Library was held yesterday afternoon. Routine business came before the meeting, and a vote of thanks was tendered to the members of the Thalian Literary society and their critic, Miss Mary McClure, for the tag day held by them for the library. The treasurer, this morning received the check for \$500.

WOMEN SUFFERERS MAY NEED SWAMP-ROOT

Thousands upon thousands of women have kidney and bladder trouble and never suspect it. Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease. If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

Pain in the back, headache, loss of ambition, nervousness, are often times symptoms of kidney trouble.

Don't delay starting treatment. Dr. Kilmer's Swamp-Root, a physician's prescription, obtained at any drug store, may be just the remedy needed to overcome such conditions.

Get a medium or large size bottle immediately from any drug store. However, if you wish first to test this great prep. after send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure to mention the Newark Advocate.

YANKEE PRISONERS ATE BREAD OF SAWDUST

American Headquarters in France, Nov. 27.—The examination of American prisoners released from German prison camps and reaching identification camps virtually has been concluded under the direction of army surgeons. The examination indicates that the physical condition of the men in general is as good as could be expected, although some cases are reported where the men complained of bad treatment; bad shelter, and poor and insufficient food.

General complaint was made by both officers and men that their food was unpalatable and their quarters uncomfortable. The examination of prisoners brought back were found to contain sawdust and other coarse elements. In the majority of cases, however, the men said, their housing and food were not much worse than the shelter and rations of the Germans.

LICKING SOLDIERS TO RETURN ON THURSDAY

Licking, Knox and Muskingum county soldiers will be among the 400 men released Thursday at Camp Sherman, according to announcement made at camp headquarters this afternoon. The men were slated for release last Saturday but delay in the delivery of documents from Washington made it necessary to postpone the action.

LOCATING ORE BEDS.

Beds of ore are stated to have been located at a distance of two and a half miles by the electrical method patented in the United States by Professor R. A. Fessenden. In the locality where the existence of valuable ores is suspected, a number of holes several miles apart are bored, then filled with water, and a Fessenden sound oscillator is immersed in one as a transmitting apparatus, the receiver submerged in each of the other holes being an Elinhoven recording oscillograph. The holes may be five miles or more apart over the area being investigated. In the study of the oscillograph records, special attention is given to the relation between sounds received direct and those from echoes, and it is found possible to get a fair idea of the character of intervening masses of rock and of the position and distance of neighboring deposits of ore.

CANCEL ORDERS FOR SUPPLIES

Army Buyers in France Have Stopped Shipment of Billion Dollars Worth of Stuff.

(Associated Press Telegram)
Paris, Thursday, Nov. 21.—Contracts aggregating 1,000,000,444 have been cancelled by the American expeditionary forces since the signing of the armistice. In the future the American, British and French governments will pool their surplus stocks and will buy through a common purchasing agency.

Forty thousand men engaged in the American supply service will be sent to advanced areas as replacement troops for the army of occupation. The supply department will continue its routine work as long as necessary. Forty-three construction projects, including a deep water dock for 20 ships, terminals, warehouses and railroads, and hundreds of cranes, tubes and barges and derricks are now being recalled. The transport program has been reduced materially, while the ordnance department has been cut down by two-thirds.

FORMER COLUMBUS COP IS WOUNDED IN ACTION

Newark friends will learn with regret that Captain W. W. Van Gieson, former Columbus police sergeant has been seriously wounded in action. He was shot in both lungs according to word received in Columbus from private Frank E. Fogel.

The letter stated Captain Van Gieson "is not expected to live, and is now at a base hospital."

He is in the 145th infantry, 37th division. His wife who lives in Columbus has not been notified. Her last letter from him was dated October 7.

AGAIN ASKS DELAY OF ARMISTICE TERMS

(Associated Press Telegram)
London, Tuesday, 26.—Dr. W. S. Soll, German foreign minister, has asked the allies once more, for a mitigation of the armistice conditions and has requested permission to delay the delivery of railroad rolling stock under the terms of the agreement between Germany and the allies, until February 1, on the ground of difficulties caused by bad conditions and the lack of lubricating oils.

CARDINAL SAYS 49 PRIESTS ARE KILLED

Malines, Belgium, Nov. 27.—(Havas)—Forty-nine Belgian priests were tortured and put to death by the Germans during the occupation. Cardinal Mercier, in epimate of Belgium, declared in an interview today. He added that 12,000 men were removed from his diocese to Germany where they were forced to work. Other crimes committed by the German cardinal said, were too long and too terrible to relate briefly.

Eagle in France Quickly Naturalized When Made Prisoner, and Went Into Battle Against Huns.

This story is told by Stars and Stripes, the American army paper printed in France:
On Bastille day a group of French and Yanks were celebrating in a little town not far behind the lines. The Yanks were doing their part by pitching small coins into a tin can when a big eagle swooped down from the north and alighted on the ridgepole of a barn. He was so black and rapacious and altogether militaristic in appearance that he looked as though he might have flown squarely out of the Prussian coat of arms.

"Fritz, la!" shouted a French soldier, and the game stopped.

Somebody got a net, and somebody else got up on the roof. The net was too short and the eagle just looked at it, yawned and went to sleep. A young French soldier who started a second offensive was foiled when the eagle awoke and flew lazily to a neighboring roof. Another tried. This time the eagle dropped off and alighted on the American billet.

He seemed to think he was safe there, or perhaps he didn't mind, for the next attempt to snare him succeeded.

That night the battle began. A rain of shell fell on the town as Yank and French went up into the line. And Fritz's went in, too. He had become naturalized overnight.

Knowledge Unto Himself.
A group of business men met on a street corner in a certain city and were discussing the progress that has been made by the allied forces on the western front. During the conversation a fellow-citizen, who is fond of expressing his opinion, but whose field of information is so limited that he doesn't appreciate how small it is, joined the crowd and listened to the various expressions.

Unable to hold his silence, he declared: "There ain't no doubt but that our boys has thrown new life into the allies, but in my opinion the Huns can't fight like the Germans did."

And then before anyone could get in a word he added: "And then we've done lots better work since our merchant marines has got into the front line action."

Washington: No active divisions from France can be landed in America before Christmas, Secretary Baker announced.

London: British law officers now considering question of extradition of former German emperor from Holland.

HASTENED JOB FOR MINISTER

Youth Couldn't See Any Four Years' Courtship if He Had to Wait Girl on Horseback.

Cupid's wings were slightly scorched when the request went forth to leave our automobiles in our garages on Sunday and thus aid in saving fuel, says the Indianapolis News. But a youth in Sullivan county—quite loyal to his country and his sweetheart, too—remembered the days of his father and acted accordingly. When 7 o'clock came he went to the family barn, ignored the presence of his new roadster, took down his father's ancient saddle, put it on one of the plow horses and gallantly rode forth.

But not far did he ride. Either the horse unaccustomed to a rider or the youth to riding did something which irritated the other, for soon the youth was prone in the road and the horse was galloping toward home.

After a while the young man got up from his prostrate position, dazedly he looked around him. Then he talked to himself: "My father," he said, "asserted that that saddle took him to court mother weekly for more than four years. Well, for myself, I'll say there was something radically wrong with father. If I had to ride on that saddle four years to see Nellie—well, never mind, I'll propose tonight."

He did and Cupid chalked up one against Mr. Garfield.

FLED FROM ARMORED CARS

Bedouins in Wild Confusion When the British Forces Made Use of "Tanks" in Desert.

The appearance of armored cars in the desert struck terror in Senussi hearts, and the whole country was soon covered with men and camels trekking off to the southwest. On getting through the camp the cars went on independently, shooting all loaded camels and men within reach. Two of these camels carried mixed loads of petrol and high explosive shell. The perforated petrol cans caught fire, and the shells exploded, which made the camp followers fall on their knees, beat the ground with their foreheads, and call on Allah's aid.

"The Turkish gunners stuck to their guns like good men. When we passed them without killing them they turned round and continued firing at us, so that we had to go back and flush them," one of the officers told me. The cars collected three mountain guns and nine machine guns with a quarter million rounds of small-arm ammunition and several boxes of shell. Two of the cars stood by all night to protect the captures, and the remainder retraced their tracks to Sollum, to find our infantry in occupation. The Senussi did not venture on Aziza again. —From "The Desert Campaigns," by W. T. Massey.

Confession of an Aviator.

For myself, writes Charles B. Wordhoff in Atlantic, there is nowhere and nobody I would rather be at present than here and a pilot. No man in his senses could say he enjoyed the war; but as it must be fought out, I would rather be in aviation than in any other branch. A pleasant life, good food, good sleep, and two to four hours a day in the air. After four hours (in two spells) over the lines, constantly alert and craning to dodge scandalously accurate shells and suddenly appearing Boches, panting in the thin air at 20,000 feet, the boys are, I think, justified in calling it a day. I have noticed that the coolest men are a good bit let down after a dogged machine fight far up in the rarefied air. It may seem soft to an infantryman—20 hours of sleep, eating and loafing; but in reality the aviator should be given an easy time outside of flying.

Prisoners of Duty.

The Turkish government is shortly to effect an exchange of 1,000 British prisoners, but there will be still many left over there, and naturally they will need doctors. Under the Berne agreement of December last it is arranged that one British doctor and five of the medical personnel of the ranks should be detained for every 1,000 prisoners. No inspection of prison camps under the Berne agreement has yet been made, but it is very probable that conditions there may necessitate more doctors being detained. There are some things in warfare which are harder than actual fighting, and to stay behind in a prison camp tending wounded and nostalgic men when others joyfully set sail for home or active service requires all the unselfish devotion to duty with which doctors are credited by the laity.

King Salmon Ran Late.

Big king salmon, which run in millions up the Yukon river every summer, were about four weeks late in making their appearance this year. As a result white residents and natives along the river who depend on the run for their winter food talked of salmon famine and the horrors of a fleshless winter.

Delayed winter ice in the Bering sea at the mouth of the Yukon. It is believed here, made it impossible for the fish to enter the stream. Bering sea ice, this year, according to reports, moved later than at any time in the last decade. The fish are taken from the river in nets and wheel traps and are cured in camps along the shores.

THE COURTS

The defense was introducing testimony this afternoon in the trial of the case of Charles Donaldson against John Swisher, and it is thought it will all have been in before court adjourns this evening over the Thanksgiving holiday.

Plaintiff brought suit asking for damages in the sum of \$5,425 for a collision between the Swisher automobile and a two horse rig driven by plaintiff, on the Wilkins Run pike in March 1914. One of the horses was killed and the other injured and plaintiff claims to have received personal injuries.

The parties were married at Delaware, O., on May 16, 1918, and the petition alleges extreme cruelty and gross neglect of duty and that six days after their marriage defendant abandoned plaintiff and has since failed to provide her with the necessities of life and that he failed to secure a physician for her when she was very ill, and that he also wrote her letters urging her to get rid of their unborn child. She asks that she be divorced, given permanent alimony and restored to her maiden name.

The Newark-Zanesville pike which could be used it is said at times is impassable on account of slippery condition of the road-bed in winter time.

After Many Years.

After nearly 47 years of married life S. J. White has filed a petition in common pleas court from Martha D. White. They were married March 25, 1871 and the plaintiff's petition charges extreme cruelty and specifies a number of instances in which he alleges he was assaulted by the defendant, the last being about a week ago when he states she attacked him and by force and violence dislocated the thumb of his right hand and wrenched his fingers severely and that she struck him on the head. ALWAYS LAND OF TROUBLE

Barbaric Invasion and Czarism Have Molded Russian History, to People's Sorrow.

The backwardness of the Russians can be pretty adequately accounted for by three historical factors. There is, first, the Mongol yoke which rested upon them for nearly two and a half centuries. During the wonderful thirteenth and fourteenth centuries, while England was establishing her parliament and democratic models were being worked out in the free self-governing city states of Italy and the low countries, the Russians lay flattened under an alien Asiatic despotism. By the time they had rid themselves of the Mongols all legal rights of individuals, local communities and social classes had disappeared, leaving the power of the czars unlimited.

In the second place, for a long time after the Muscovites had freed themselves from the Mongols, their settlements in the rich treeless steppes to the south of them—the famous "black soil" destined to become the granary of Russia and, indeed, of Europe—were exposed to raids by the nomad Tartars hemming them on the east and south. Until the days of Peter the Great the Russians were for the most part confined to the less fertile forested region of the North, where they were safe from the incursions of the nomads. Let one imagine how our economic development would have suffered had our ancestors been confined to the wooded region of the upper Ohio and the Great Lakes because the fertile prairies from Indiana to the Rocky mountains lay open to the raids of barbarian horsemen welling up from the great populated area in the Southwest!

Then there was the Romanoff autocracy, which in Shakespeare's day crashed the bulk of the people down into serfdom—which later became slavery—and kept them there for two and a half centuries.—Edward Aisworth Ross in Asia Magazine.

Something Like a Beard!

Mistakes of military signallers are sometimes amusing. A German prisoner escaped from an internment camp, and to facilitate recapture a description of the man was circulated. The description contained a succession of sibilant sounds, which rendered its reception by telephone somewhat difficult. One signaller, after struggling valiantly with the prisoner's name, appearance, etc., finished the message with "height 5 foot 6 all beard and moustache." The possibility of a 5-foot-6 beard wandering about on its loneosome was questioned, with the result that the following correction was circulated—"Please read 'small' for 'sill'."

DIRE DISTRESS

It is Near at Hand to Hundreds of Newark Readers.

Don't neglect an aching back. Backache is often the kidneys' cry for help.

Neglect hurrying to the kidneys' aid. Means that urinary troubles may follow.

Or danger of worse kidney trouble. Here's Newark testimony.

R. E. Powell, proprietor of upholstery establishment, 44 Thirteenth street, says: "On three different occasions I have suffered from kidney trouble. Rheumatic pains caused me a lot of misery. At one time I was unable to feed myself, not being able to raise my hands to my mouth. My kidneys at times didn't act for hours and the secretions burned in passage. At my work I have more or less bending and stooping to do and it was hard for me to keep going sometimes, owing to the dull ache across my back. Just as soon as I began taking Doan's Kidney Pills I got relief and of late I have felt fine."

MENTHO-LAXENE

COLD AND COUGH SYRUP.

Mrs. M. Luding, 136 Beacon avenue, Jersey City, N. J., writes:

"I find the Menthio-Laxene just fine and would not be without it. It has been in our home for three years and I hope your Free Health Book is as good as the Menthio-Laxene, etc."

With very little advertising, hundreds of thousands of bottles of Menthio-Laxene are sold every year by druggists and each year the sales grow larger. Get a 24-ounce bottle, concentrated, and mix with simple syrup to make a full pint. Directions and guarantee of satisfaction are with each bottle. A pint lasts a long time for the whole family. It is cheaper and better than ready prepared medicines, but easy to mix.—(Adv.)

HOW TO FIGHT SPANISH INFLUENZA

By Dr. L. W. Bowers.
 Avoid crowds, coughs and colds, but fear neither germs nor germs. Keep the system in good order, take plenty of exercise in the fresh air and practice cleanliness. Refresh a clean mouth, a clean skin, and clean bowels are a protecting armor against disease. To keep the liver and bowels regular and to carry away the poisons within, it is best to take a vegetable pill every other day, made up of May-apple, aloes, jalap, sugar-coated, to be had at most drug stores, known as Dr. Pierce's Pleasant Pellets. If there is a sudden onset of what appears like a hard cold, one should go to bed, wrap warm, take a hot mustard foot bath and drink copiously of hot lemonade. If pain develops in head or back, ask the druggist for Anuric (anti-uric) tablets. These will flush the bladder and kidneys and carry off poisonous germs. To control the pains and aches take one Anuric tablet every two hours, with frequent drinks of lemonade. The pneumonia appears in a most treacherous way, when the influenza victim is apparently recovering and anxious to leave his bed. In recovering from a bad attack of influenza or pneumonia the system should be built up with a good health tonic, such as Dr. Pierce's Golden Medical Discovery, made without alcohol from the roots and barks of American forest trees, or his Ironics (iron tonic) tablets, which can be obtained at most drug stores, or send 10c to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package.

FREDONIA GIRL CALLED BY DEATH

Succumbs to Attack of Tuberculosis—Funeral on Friday.

(Special to the Advocate.)
 Granville, Nov. 27.—The death of Miss Bernice Farmer, 20, occurred Tuesday in the Mt. Vernon City Hospital from tuberculosis and the funeral will be held in Fredonia Friday afternoon at 1 o'clock in the Fredonia Baptist church. Miss Farmer, who formerly resided in Fredonia, had a large circle of warm friends in Granville. She is survived by four brothers, Lawrence, Clement, Arthur and Russell Farmer.
 Gordon Lang, 35, who has received his commission as a private in the U. S. Army, is spending a few days in Granville with his sister in the hospital and with his wife and his Phi Gamma brothers.
 Activities in the A. F. F. W. rooms continue with unabated zeal. As long as soldiers are requested from headquarters, so long will these willing workers keep up their morale. Surgical dressings were rushed yesterday, and other hospital supplies were turned out. There is a demand for the hospital supplies, studied hard; Peter Cooney, hospital clerk, of outting flannel; pajamas, etc., besides the civilian supplies which never have ceased since this committee was organized. In the afternoon the rooms were filled to capacity when the patients were sent to the hospital. The picnic club for the A. F. F. W. was displayed and disposed of. Forty-five dollars were realized on its sale and the money turned over to the A. F. F. W. Mrs. J. D. Thompson, chairman of the committee in charge of the temporary hall for the A. F. F. W. C. last fall, reported that after all bills were paid, the sum of \$155.55 remained which she would transfer to the A. F. F. W. with a recommendation from the workers that the entire sum in cash be sent to the permanent committee to be expended over there at the discretion of those in touch with the needs.
 Mrs. Katherine Spencer of Dayton, who is visiting her daughter, Mrs. W. Rohrer, is the fortunate possessor of the picture of the late Mrs. A. F. F. W. C. and Mrs. Fred Buxton have had letters from their son, Horton, written as late as October 30, in which he mentions having been in action. He had been promoted, but being unwilling to leave his home, he had not been asked and received a postcard of activity. Whether or not he was returned to the firing line for the final drive before the armistice, is not known. He belongs to Battery E, 13th regiment, and enlisted in Toledo during the war.
 The various units of the Council of National Defense throughout the country are being requested to engage in a campaign for World Relief Week, inaugurated by Herbert Hoover. His message will be read in all churches on Sunday afternoon, November 24, from his speech of November 12, says Miss Belle Sherwin, state chairman of the Women's committee, must accompany every deep breath of thanksgiving for the end of the great war. It is the duty of every citizen to do so, and the organizing for Thanksgiving day—the spectre of famine abroad now haunts the abundance of our tables at home.
 Prof. and Mrs. K. H. Eschman are entertaining a house party for Thanksgiving day composed of their parents and grandparents, Mr. and Mrs. C. S. Frazier and Mr. and Mrs. Brice Frazier of Dresden; their aunt, Mrs. McGrade of Hebron; and their sister-in-law, Mrs. Paul Frazier of Dresden.
 Mr. and Mrs. W. F. Davis of Columbus are guests at the home of Dr. and Mrs. L. E. Davis in West Elm street. The congregation of the Presbyterian church will meet this evening at 7 o'clock for the mid-week prayer service and for the purpose of choosing a pastor.
 Mrs. A. P. Nichol, who has been ill at her home in College street is convalescing and able to walk about the house once more.
 Mrs. T. J. Cordon entertained a dinner last evening at their home in East College street. Covers were laid for six—Mr. and Mrs. Cordon, Mr. and Mrs. E. J. Dorsey, and Mr. and Mrs. W. H. Kusnau. A new Victrola with some choice records furnished pleasing entertainment.
 A acknowledgment of the next little book consignment for the food committee, Council of National Defense, by the Cleveland women, was disposed of yesterday afternoon with the certainty of a "yes" and still there is a cry for "more."
 James Wallace of Bridgeville, Pa., who has been visiting his sisters, Mrs. Young and Mrs. Mabel Jones, left today for his home.
 There will be no issue of the Denisonian this week, as the paper will be out of town for Thanksgiving. The editor, Miss Dorothy Atwell, left today for her home in Zanesville.
 The public schools will close only for Thanksgiving day, as they already have closed two months time on account of the influenza quarantine.
 George Stuart will join Mrs. Stuart and the two children at the home of her parents, Mr. and Mrs. William Perfect in Marysville for Thanksgiving.

"Are you sure it will launder?"

How many times have you hesitated over a charming blouse, and finally decided not to buy it!
 You were afraid it would turn yellow and yellow each time it was laundered—that the lace would become coarsened and heavy looking—that it would never look lovely after its first tubbing.
 Now—You buy the daintiest, finestest blouses—with only one comfortable thought about cleansing them. You know Lux will launder them perfectly. Chiffon cloth! Georgette crepe! Crêpe de Chine! Time after time you send them to the thick Lux suds, and they come back as white as when new.
 Two things that ruin silk blouses
 Alkali and rubbing are the two things that cause more casualties in the silk blouse family than all other things put together. Alkali turns the silk yellow, rubbing coarsens and pulls it, and makes the lace heavy and rough.
 Lux has absolutely no free alkali. Use Lux for any fabric that can be washed in water.
 Lux requires no rubbing, because the delicate flakes contain more real cleansing value than is possible in any other form of soap—they dissolve the dirt in a few minutes, and it drops out into the water, with a few dippings up and down.
 Begin saving your waists now! Grocers, druggists and department stores have Lux. Grocers, Drug Co., Cambridge, Mass.

LUX Won't turn silks yellow!

FRIEND'S ADVICE SAVED MRS. J. GROCE'S LIFE

"Given Up by Relatives and Friends, Dr. Parker's Treatment Saved My Life."

Statement of Mrs. J. Groce, 719 Walnut street, Nelsonville, O., 66 years of age.

"I feel I owe my life to Dr. Parker's Treatment for indigestion and Constipation. I doctored doctors who claimed that the nerve system of my stomach had broken down, and for several months I was unable to leave my room. I could eat no solid foods, lived on beef tea and water off of burnt bread. The gas on my stomach would cause spells of belching that would last an hour and every thing I ate would sour on my stomach. I was given up to die by my family and friends, when a friend recommended Dr. Parker's Treatment. One box gave me great relief and I was cured. I can now eat solid food and am doing all my own work."

"Dr. Parker's Treatment has certainly done wonders for me."

I know my Treatment will do for you, who suffer with indigestion and constipation, just what it did for Mrs. Groce. It is the result of thirty-five years study, practice and experience and I know it to be the best medicine ever prepared.

Your 2 back if it does not help you. Geo. B. Parker, M. D., Athens, O.

BARBER WAR IN PROSPECT HERE

Refusal of Union to Restore Old Scale of Prices May Result in Open Shops.

One of the most important meetings ever held by the local branch of the Barbers' International union took place last night in this city in Red Murr's hall, and it was for the largest as nearly 100 per cent of the membership was present, only three members being absent.

Frank X. Noschang, general president of the Barbers' International union, with headquarters in Indianapolis, Ind., was present, called here for the purpose of assisting in analyzing the local situation regarding the prices charged in the various shops of the city, chartered under the barbers' union.

Some months ago prices were advanced along all lines by the union and adopted by the shops with the exception of the hairdressing shops of the city. It is admitted that since the advance the trade of all those shops has fallen away considerably and has been the means of causing scores of men to again adopt the old scale and the meeting of the local journeyman was for the purpose of acting upon that proposition.

President Noschang told of conditions as he found them over the country and stated that in many cities the advance had been made and was still being maintained. He however advised that such action be taken as would keep the organization within the spirit of the times and hold the advance.

Each member of the local was called upon for remarks along the line of the present scale of prices and it seemed to be the consensus of opinion that the prices should stand as they are, and the taken on retaining the present scale and it carried almost unanimously.

There is a rumor in circulation to the effect that the retention of present prices was the result of an endeavor to freeze out certain shops. Officers of the local organization denied this, however, but admitted that there was

GERMAN NAVY IS IN DISGRACE, SAYS OFFICER

[Associated Press Telegram]
Forth, Scotland, Monday, Nov. 25.—Germany's navy has been ruined for all time, in the opinion of a German lieutenant on one of the warships surrendered to the allies. He said today:

"Now we have only a dishonorable record. No one will want to serve in a disgraced service."

Inspection of the German vessels is proceeding. They are in a deplorable state, having been apparently neglected for a long time. The German sailors present a miserable appearance, their clothes being dirty and nondescript.

On the battleship there is perfect discipline, but on most the other ships the men lounge about the decks smoking.

Don't wear clothing loud enough to attract a crowd.
